Fee Schedule for Dianella Services

*Health and Wellness
for all in our Community*

This fee schedule applies to our allied health services for children, youth, families and aged.

Why fees are charged.

Dianella receives some of its funding from the Government and some from client fees. The fees you pay are a co-payment that help us to improve and expand our services.

The fees we can charge are recommended each year by the Department of Health & Human Services.

Fee Structure

What you pay will depend on whether you have a Healthcare Card or not. We have provided a list of fees for some of the different services you may receive.

Interpreters

We can provide an interpreter for your visit.

I use lots of services!

With the exception of Planned Activity Groups, you are only required to pay for the first 12 services in a calendar year. After that, there is no charge.

Our reception staff can confirm if you are eligible.

Financially dependent children

If you have a child that relies on you financially, you will only be charged a fee if you do not have a Healthcare Card.

What if I can't pay?

Fees are subsidised by the State & Commonwealth governments. In extreme cases of hardship you can apply to have your fees reduced. Ask your clinician for an application form. The information you provide is confidential and only used to determine what fees you can afford to pay.

What happens if I don't pay?

You agree to receive a service on the basis of this fee schedule. You may apply to have fees reduced. We cannot provide a service if you refuse to pay.

Cancellations

We require at least 24 hours notice. We also confirm your appointment time two days ahead of time. You have a responsibility to advise us if you can't make your appointment so that we may offer it to another client.

What happens if I don't cancel my appointment in time or I just don't turn up?

We understand that sometimes things happen, and sometimes they don't. We reserve the right to bill you for your missed appointment. We will also invoice you for costs charged to us by external interpreting agencies.
